Session: 2021-22

Students Council & representation play a vital role in the life of students, read on to know how. Extracurricular activities increase opportunities for social interaction and new relationship development. As most of these activities are group-oriented which have students from different niches, which gives them a chance to more know about people of different passions and cultures. Extracurricular activities teach students how to work for a common goal and this ultimately develops a sense of responsibility in them. Sustained involvement in more than one activity reflects the talent and potential of the student. 19 Hobby Clubs in GHRCE motives are

- To encourage and motivate the creating a person who has ambitions to achieve something.
- To hold together students from all backgrounds, with all kinds of interests.
- To develop a general interest in science and Technical based Applications
- To improve scientific attitude and provide opportunities for practice in scientific method.
- To actively encourage the use of engineering technology in learning science
- To better understand scientific knowledge through science experiments.
- To allow them to work in the field of their interest and hone their skills in presentation.
- To maintain the students with knowledge in past and recent inventions in science.
- Engaging in a hobby leads to acquiring substantial skills, knowledge and experience.
- It is to inspire students to pursue a hobby and explore their potential in of interest.

The National Service Scheme is primarily stands for channelizing the students youth for building the nation. Ever since independence there has been growing awareness of desirability of involving students in National Service. Prime Minister Pt. Jawaharlal Nehru appointed under the chairmanship of Dr. C. D. Deshmukh to prepare a scheme for compulsory national service by youth in several countries. Dr. C. D. Deshmukh recommended that national service may be introduced on voluntary basis. In 1969 the conference of state education minister recommended that students could be permitted to join National Service Scheme (NSS) voluntarily at University Stage.

The main objectives of National Service Scheme (NSS) are:

- To understand the community in which they work.
- To understand themselves in relation to their community
- To identify the needs and problems of the community and involve in Problem Solving
- To develop among themselves a sense of social and civic responsibility
- To utilize their knowledge in finding practical solution for individual and communal problems.
- To develop competence required for group-living and sharing of responsibilities.
- To gain skills in mobilizing community participation
- To acquire leadership qualities and democratic attitude
- To develop the capacity to meet emergencies and natural disasters and
- To practice national integration and social harmony

GHRCE Started NSS Unit in the Institute in 2008 with total intake of 50. Now NSS GHRCE has total intake of 100 aided. Any student of the institute can participate in the activities conducted. NSS GHRCE conducted 58 regular activities for sensitization of society in Session 2020-21

Session 2020-21

Students Council & representation play a vital role in the life of students, read on to know how. Extracurricular activities increase opportunities for social interaction and new relationship development. As most of these activities are group-oriented which have students from different niches, which gives them a chance to more know about people of different passions and cultures. Extracurricular activities teach students how to work for a common goal and this ultimately develops a sense of responsibility in them. Sustained involvement in more than one activity reflects the talent and potential of the student. The National Service Scheme is primarily stands for channelizing the students youth for building the nation. Ever since independence there has been growing awareness of desirability of involving students in National Service. Prime Minister Pt. Jawaharlal Nehru appointed under the chairmanship of Dr. C. D. Deshmukh to prepare a scheme for compulsory national service by youth in several countries.

AR

- Governing equation for Energy equation for air in housing

$$\frac{dE_{v_{ah}}}{dt} = \dot{m}C_a (T_{ap} - T_{ah}) - \dot{Q}_{con,ah_sur} - \dot{Q}_{leak}$$

$$m_{ah} C_a \frac{dT_h}{dt} = (1 - \%L) \cdot \dot{m}C_a (T_{ap} - T_{ah}) - U_h A_h (T_{ah} - T_{sur})$$

where U_h is the overall heat transfer coefficient of air in housing to surroundings, m_h is mass of air in the housing, $h_{i,h}$ is the convective heat transfer coefficient of air in the housing, $h_{ex,h}$ is the convective heat transfer coefficient of air outside housing, k_w is the thermal conductivity coefficient of housing wall, A_h is the area of housing wall for thermal loss, and Δx is the thickness of housing wall.

Date:- 14/02/2020

Minutes of the meeting of regarding selection for various posts of India Chapter of American Concrete Institute (ICACI) G. H. Raisoni College of Engineering students' chapter selection committee

1. An interview for the organization of committee for the upcoming ICACI chapter has been conducted on 11/02/2020.
2. The above interview has been conducted on the basis of short listing of the students done based on the interview conducted at levels on 07/02/2020.
3. Total eight students from both sections of Civil Engineering Second Year have appeared for the interview.
4. Final selection for the various posts like; president, vice president, secretary, joint secretary, treasurer and joint treasures have been carried out.
5. The core committee members for the interview were Dr. Maya Rajnarayan Ray, Prof. Rashmi Bharatey and Prof. Swati G. Jadhav. However, recommendations from Dr. Isha Khedikar for the post of president have been considered.
5. Finally selected list of members of the committee are presented as per the following table;

Sr. No.	Post	Candidate Selected
1	President	Miss Hrithika Kholgade
2	Vice President	Mr. Swapnil Tripathi
3	Secretary	Miss Anisha Khairkar
4	Joint secretary	Atharva Chaware
5	Treasurer	Miss Krutika Raut

- Night time equivalent model

- Governing energy equation for rock and air in storage system.

$$m_r C_r \frac{dT_r}{dt} = -h_r A_r (T_r - T_{ap})$$

$$m_{ap} C_a \frac{dT_{ap}}{dt} = h_r A_r (T_r - T_{ap}) - U_1 A_{acr} (T_{ap} - T_{sur}) - U_2 A_w (T_{ap} - T_{soil}) - \dot{m} C_a (T_{ap} - T_{ah})$$

where \dot{m} is the air mass flow rate from the storage pit to the housing under stack effect when the hotter air (in pit) flows to the cooler area (in housing), and T_{ah} is the temperature of air in housing.

Session: 2019-20

Students Council & representation play a vital role in the life of students, read on to know how. Extracurricular activities increase opportunities for social interaction and new relationship development. As most of these activities are group-oriented which have students from different niches, which gives them a chance to more know about people of different passions and cultures. Extracurricular activities teach students how to work for a common goal and this ultimately develops a sense of responsibility in them. Sustained involvement in more than one activity reflects the talent and potential of the student. 19 Hobby Clubs in GHRCE motives are

- To encourage and motivate the creating a person who has ambitions to achieve something.
- To hold together students from all backgrounds, with all kinds of interests.
- To develop a general interest in science and Technical based Applications
- To improve scientific attitude and provide opportunities for practice in scientific method.
- To actively encourage the use of engineering technology in learning science
- To better understand scientific knowledge through science experiments.
- To allow them to work in the field of their interest and hone their skills in presentation.
- To maintain the students with knowledge in past and recent inventions in science.
- Engaging in a hobby leads to acquiring substantial skills, knowledge and experience.
- It is to inspire students to pursue a hobby and explore their potential in of interest.

The National Service Scheme is primarily stands for channelizing the students youth for building the nation. Ever since independence there has been growing awareness of desirability of involving students in National Service. Prime Minister Pt. Jawaharlal Nehru appointed under the chairmanship of Dr. C. D. Deshmukh to prepare a scheme for compulsory national service by youth in several countries. Dr. C. D. Deshmukh recommended that national service may be introduced on voluntary basis. In 1969 the conference of state education minister recommended that students could be permitted to join National Service Scheme (NSS) voluntarily at University Stage.

The main objectives of National Service Scheme (NSS) are:

- To understand the community in which they work.
- To understand themselves in relation to their community
- To identify the needs and problems of the community and involve in Problem Solving
- To develop among themselves a sense of social and civic responsibility
- To utilize their knowledge in finding practical solution for individual and communal problems.
- To develop competence required for group-living and sharing of responsibilities.
- To gain skills in mobilizing community participation
- To acquire leadership qualities and democratic attitude
- To develop the capacity to meet emergencies and natural disasters and
- To practice national integration and social harmony

GHRCE Started NSS Unit in the Institute in 2008 with total intake of 50. Now NSS GHRCE has total intake of 100 aided. Any student of the institute can participate in the activities conducted. NSS GHRCE conducted 58 regular activities for sensitization of society in Session 2020-21

Session: 2018-19

Students Council & representation play a vital role in the life of students, read on to know how. Extracurricular activities increase opportunities for social interaction and new relationship development. As most of these activities are group-oriented which have students from different niches, which gives them a chance to more know about people of different passions and cultures. Extracurricular activities teach students how to work for a common goal and this ultimately develops a sense of responsibility in them. Sustained involvement in more than one activity reflects the talent and potential of the student. 19 Hobby Clubs in GHRCE motives are

- To encourage and motivate the creating a person who has ambitions to achieve something.
- To hold together students from all backgrounds, with all kinds of interests.
- To develop a general interest in science and Technical based Applications
- To improve scientific attitude and provide opportunities for practice in scientific method.
- To actively encourage the use of engineering technology in learning science
- To better understand scientific knowledge through science experiments.
- To allow them to work in the field of their interest and hone their skills in presentation.
- To maintain the students with knowledge in past and recent inventions in science.
- Engaging in a hobby leads to acquiring substantial skills, knowledge and experience.
- It is to inspire students to pursue a hobby and explore their potential in of interest.

The National Service Scheme is primarily stands for channelizing the students youth for building the nation. Ever since independence there has been growing awareness of desirability of involving students in National Service. Prime Minister Pt. Jawaharlal Nehru appointed under the chairmanship of Dr. C. D. Deshmukh to prepare a scheme for compulsory national service by youth in several countries. Dr. C. D. Deshmukh recommended that national service may be introduced on voluntary basis. In 1969 the conference of state education minister recommended that students could be permitted to join National Service Scheme (NSS) voluntarily at University Stage.

The main objectives of National Service Scheme (NSS) are:

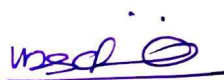

- To understand the community in which they work.
- To understand themselves in relation to their community
- To identify the needs and problems of the community and involve in Problem Solving
- To develop among themselves a sense of social and civic responsibility
- To utilize their knowledge in finding practical solution for individual and communal problems.
- To develop competence required for group-living and sharing of responsibilities.
- To gain skills in mobilizing community participation
- To acquire leadership qualities and democratic attitude
- To develop the capacity to meet emergencies and natural disasters and
- To practice national integration and social harmony

GHRCE Started NSS Unit in the Institute in 2008 with total intake of 50. Now NSS GHRCE has total intake of 100 aided. Any student of the institute can participate in the activities conducted. NSS GHRCE conducted 58 regular activities for sensitization of society in Session 2020-21

Session: 2017-18

Students Council & representation play a vital role in the life of students, read on to know how. Extracurricular activities increase opportunities for social interaction and new relationship development. As most of these activities are group-oriented which have students from different niches, which gives them a chance to more know about people of different passions and cultures. Extracurricular activities teach students how to work for a common goal and this ultimately develops a sense of responsibility in them. Sustained involvement in more than one activity reflects the talent and potential of the student. 19 Hobby Clubs in GHRCE motives are

- To encourage and motivate the creating a person who has ambitions to achieve something.
- To hold together students from all backgrounds, with all kinds of interests.
- To develop a general interest in science and Technical based Applications
- To improve scientific attitude and provide opportunities for practice in scientific method.
- To actively encourage the use of engineering technology in learning science
- To better understand scientific knowledge through science experiments.
- To allow them to work in the field of their interest and hone their skills in presentation.
- To maintain the students with knowledge in past and recent inventions in science.
- Engaging in a hobby leads to acquiring substantial skills, knowledge and experience.
- It is to inspire students to pursue a hobby and explore their potential in of interest.

The National Service Scheme is primarily stands for channelizing the students youth for building the nation. Ever since independence there has been growing awareness of desirability of involving students in National Service. Prime Minister Pt. Jawaharlal Nehru appointed under the chairmanship of Dr. C. D. Deshmukh to prepare a scheme for compulsory national service by youth in several countries. Dr. C. D. Deshmukh recommended that national service may be introduced on voluntary basis. In 1969 the conference of state education minister recommended that students could be permitted to join National Service Scheme (NSS) voluntarily at University Stage.

The main objectives of National Service Scheme (NSS) are:

- To understand the community in which they work.
- To understand themselves in relation to their community
- To identify the needs and problems of the community and involve in Problem Solving
- To develop among themselves a sense of social and civic responsibility
- To utilize their knowledge in finding practical solution for individual and communal problems.
- To develop competence required for group-living and sharing of responsibilities.
- To gain skills in mobilizing community participation
- To acquire leadership qualities and democratic attitude
- To develop the capacity to meet emergencies and natural disasters and
- To practice national integration and social harmony

GHRCE Started NSS Unit in the Institute in 2008 with total intake of 50. Now NSS GHRCE has total intake of 100 aided. Any student of the institute can participate in the activities conducted. NSS GHRCE conducted 58 regular activities for sensitization of society in Session 2020-21
