Action Taken Report on Minutes of Meeting of IQAC held on 04th June 2026

Sr. No.	Suggestions Given	Action Taken
1	Expert members encouraged organizing similar workshops, awareness programmes, and laboratory activities within the specialized Centre of Excellence (CoE) labs to enhance students' practical competencies.	Multiple technical activities were conducted across CoEs, including a 2-day national level workshop on Blockchain and Cloud Computing (45 students), a solar laboratory and rooftop solar PV visit (35 students), and an Additive Manufacturing awareness session in the 3D Printing Lab (53 students).
2	The IQAC members highlighted the importance of sustaining and further enhancing academic, operational, and research output in the future.	Faculty members actively participated in 229 FDPs, 60 STTPs, 72 workshops, and 35 webinars. Their academic contributions resulted in 100 research paper publications, 30 book publications, 54 copyrights, and 79 completed NPTEL certifications.
3	The members encouraged the continuation and strengthening of student engagement initiatives to ensure holistic student development.	The institute successfully organized major student-centered forums including annual events such as Antaragni 2K26 and TechKrunch 2K26, 33 specialized guest lectures, and a total of 125 student-centric activities engaging approximately 6,784 participants.
