Comprehensive Overview of Academic System for FY students organized at Prarambh 2025

Dr. Swati Dixit, Dean Academics, delivered an insightful session explaining the complete academic framework to around 118 participating students on date 26/08/2025. She focused on curriculum design, syllabus structure, and performance evaluation. The curriculum is carefully structured to maintain a balance between theoretical concepts and practical applications, ensuring alignment with industry standards. Each program follows a well-organized syllabus divided into modules, promoting systematic learning and continuous assessment.

Dr. Dixit elaborated on Course Outcomes (COs) and Program Outcomes (POs), emphasizing their importance in evaluating students' academic growth and skill development. COs are specific to individual subjects, while POs represent the overall competencies expected from graduates. She also highlighted Cyber Vidya as a key initiative that enhances digital literacy and cybersecurity awareness among students.

The performance evaluation system includes Continuous Assessment Evaluations (CAE), Teacher Assessment Evaluations (TAE), and End Semester Examinations (ESE). The duration of exams generally ranges from 2 to 3 hours, ensuring comprehensive assessment. She stressed transparency and consistency in grading practices to maintain fairness and academic integrity.Additionally, the importance of Open Electives and Humanities Electives was discussed. These subjects provide interdisciplinary exposure, helping students build soft skills, ethical understanding, and critical thinking. Students are encouraged to explore areas beyond their core discipline.

The passing criteria and percentage system were also explained, where students must achieve the minimum required marks in both internal and external assessments. Overall, the session provided a clear and detailed understanding of the academic system.

Program was organized by **Mrs.Shital Yadav** induction program incharge under the guidance and motivation of **Dr.Manjusha Aware**, Dean First Year and **Dr.Vivek Kapur**, Director GHRCEM, Nagpur.
