Department of Computer Science and Engineering (Cyber Security)

Parent–Teacher Meeting Report

Date: Saturday, 07 March 2026

The Department of Computer Science and Engineering (Cyber Security), GH Raisoni College of Engineering and Management (GHRCEM), Nagpur organized a Parent–Teacher Meeting for even semester students on Saturday, 07 March 2026.

The primary objective of the meeting was to make parents aware of their ward's academic progress and to discuss various aspects related to the overall development of the students. During the interaction, class teachers and teacher guardians met individually with parents and discussed important academic parameters such as CAE-1 examination performance, regular attendance monitoring, academic progress, and other personal or college-related concerns.

Parents attended the meeting in good numbers and actively participated in discussions regarding their ward's academic journey and development. They also provided valuable feedback and constructive suggestions for improving various curricular and co-curricular activities within the department. The parents appreciated the continuous efforts taken by the faculty members for mentoring and guiding students.

Dr. Priti Bihade, Head of the Department, addressed the parents and informed them that the college is committed not only to providing quality academic education but also to enhancing the overall personality and employability of students. Various initiatives such as aptitude training, software skill development, soft skills training, and industry interaction sessions are regularly conducted for students.

The meeting was successfully organized with the collective efforts of the faculty members of the department. The department also expresses sincere gratitude to the respected Campus Director Dr. Vivek Kapur and respected Director Dr. Achal Shahare for their continuous encouragement, support, and guidance in organizing such meaningful initiatives.
