Date: 4/9/2026

Report on industrial visit to Air Force Museum, Nagpur.

Department of Computer Science and Engineering has successfully conducted Industrial visit at Air Force Museum, Vayusena Nagar, Nagpur on 2nd and 3rd September 2026 at 11:00 AM for B. Tech 2nd Year/ 3rd semester students to provide students with practical exposure to Indian military aviation, aerospace technology, aircraft systems, defence equipment, and the technological evolution of the Indian Air Force.

During the visit, students explored various exhibits and displays related to the Indian Air Force. They observed aircraft, aviation equipment, photographs, historical information, and other technological systems.

The museum staff/faculty explained the role and importance of different aircraft and equipment. Students actively participated in the visit and asked questions regarding aviation technology, aircraft operations, communication systems, and defence applications. A total of 136 students have visited the Air Force Museum.

We sincerely thank Mr. Vinit Singh, officer In charge Air Force Museum, Nagpur for their support and guidance. We would also like to express our gratitude to Dr. Vivek Kapur, Hon'ble Campus Director of GHRCEM, and Dr. Sonali Ridhorkar, HOD, CSE Department for their unwavering motivation and support. This industrial visit took place under the guidance and supervision of Ms. Ranjana Shende.

Ms. Ranjana Shende
