First Year Engineering Department

Musical event organized by music club of GHRCEMN at Induction program PRARAMBH 2025

The Music Club Riyaj organized an energetic and engaging performance during the **First Year Engineering Induction Program**, creating a lively and memorable atmosphere for the students. The event witnessed the enthusiastic participation of around **84 first** year students with seniors and faculty members, who thoroughly enjoyed the blend of music, fun activities, and interactive sessions.Mr.Pratik Dhage is the music club in charge.

The highlight of the program was the electrifying rock music performance delivered by the talented members of the club. Their dynamic stage presence and powerful musical renditions captivated the audience, encouraging students to cheer, clap, and immerse themselves in the rhythm. The performance not only showcased the artistic abilities of the club members but also helped in breaking the ice among newly admitted students.

In addition to the musical performances, a fun-filled musical chair competition was organized, which brought excitement and laughter to the event. Students actively participated in the game, displaying high energy and sportsmanship. The activity created a sense of bonding and camaraderie among participants, making it one of the most enjoyable segments of the program.

To further motivate and appreciate the participants, prizes were distributed to the winners of the musical chair competition. The gesture added to the enthusiasm and encouraged students to actively engage in extracurricular activities.

Overall, the Music Club Riyaj's performance played a significant role in making the induction program vibrant and welcoming. It provided a perfect platform for students to relax, interact, and begin their academic journey on a cheerful and positive note.

Program was organized by **Mrs.Shital Yadav** induction program in charge under the guidance and motivation of **Dr.Manjusha Aware**, Dean First Year and **Dr.Vivek Kapur**, Director GHRCEM, Nagpur.
