International Conference on Advancements in Computing Technology and Applications – (ICACTA-25)

The Second Day of the International Conference on Advancements in Computing Technology and Applications **(ICACTA-25)** was marked by vibrant discussions, insightful presentations, and enriching knowledge exchanges. The day began with enthusiastic participation from delegates, researchers, and students, all geared up to present their research findings and engage in meaningful dialogues.

Paper Presentations:

Over **75+** papers were presented on the second day across various technical tracks, reflecting groundbreaking research and innovative ideas in computing technology. Participants shared their insights on emerging technologies, data analytics, artificial intelligence, IoT, cybersecurity, and more.

Keynote Speakers:

The second day featured impactful keynote sessions by:

- **Ms. Mayuri Digalwar**, Assistant Professor, IIIT Nagpur, who presented her views on transformative technologies and their implications for modern computing.
- **Dr. Sanaa Kaddoura**, Associate Professor of CS, Abu Dhabi Emirate, UAE, who shared her expertise on global perspectives in computing and technological innovations.

Their talks were well-received, inspiring participants with cutting-edge knowledge and global insights.

Delegate Experience:

All delegates and students were provided with **Conference Kits** and **Lunch**, ensuring a seamless and comfortable experience. The hospitality extended by the organizing committee was highly appreciated by the participants.

Valedictory Session:

The event concluded with a grand **Valedictory Session** on May 7th, 2025. The session was graced by **Chief Guest: Dr. Shrikant Patil**, who addressed the audience with inspiring insights into the role of innovation and research in shaping the future of computing. Dr. Patil applauded the participants for their contributions and encouraged young researchers to continue exploring emerging technologies.

The session concluded with the distribution of certificates to the presenters, followed by a heartfelt vote of thanks from the organizing team, marking the successful completion of ICACTA-25.

Conclusion:

The second day of ICACTA-25 was a resounding success, filled with knowledge sharing, global perspectives, and meaningful collaborations. It reinforced the conference's commitment to advancing technology and fostering innovation in the field of computing.
