Our Inspiration

Late Shri Gyan Chandji

Chairman's Message

Shri Sunil Raisoni
Chairman, RGI

Innovation is the cornerstone of progress in today's world. At RGI, we are dedicated to continually evolving our educational programs to ensure they remain relevant to our students, industry partners, and stakeholders. Our primary goal is to enhance student employability by offering an enriching experience that equips them to face future challenges. By actively collaboration with the corporate sector, we aim to open up diverse opportunities for our students, ensuring they are well-prepared for successful careers.

Our vision is for GHRCEM to play a pivotal role in shaping tomorrow's leaders, cultivating individuals who will make a global impact. We are committed to providing the nation with highly trained, inquisitive minds who are persistent in transforming both their own lives and those of their organizations, contributing to national progress. We wish our graduates every success in their future endeavors.

Director's Desk

Dr. Vivek Kapur
Director, GHRCEM Nagpur

It gives me immense pleasure to present Thought Unlock, the magazine of our First Year Engineering students at G. H. Raisoni College of Engineering and Management. This publication is a vibrant reflection of the creativity, curiosity, talent, and intellectual spirit that flourish within our student community.

A college magazine serves as a powerful platform for young minds to express their ideas, showcase their achievements, and share their perspectives with others. The articles, poems, artwork, and experiences featured in this edition highlight the enthusiasm and potential of our budding engineers.

I congratulate the editorial team, faculty coordinators, and all contributors for their dedication and hard work in bringing this wonderful publication to life. Their collective efforts have created a meaningful repository of knowledge, innovation, and inspiration.

I am confident that Thought Unlock will motivate students to continue exploring, learning, and contributing positively to society. I wish this magazine great success and many more enriching editions in the years to come.

Dean's Message

Dr. Manjusha Hemant Aware
Dean, First Year Engineering
GHRCEM, Nagpur

It gives me immense pleasure to extend my heartfelt greetings to all readers of Thought Unlock, the magazine of the First Year Engineering students of GH Raisoni College of Engineering and Management, Nagpur.

The first year of engineering marks the beginning of an exciting journey filled with opportunities for learning, innovation, and self-discovery. As students step into the world of engineering education, they are encouraged not only to acquire technical knowledge but also to develop creativity, critical thinking, leadership, and a sense of social responsibility.

Thought Unlock is a wonderful initiative that provides students with a platform to express their ideas, showcase their talents, and share their experiences. The articles, achievements, and creative contributions featured in this magazine reflect the enthusiasm, dedication, and potential of our young learners. Such endeavors nurture confidence, communication skills, and a spirit of lifelong learning, which are essential qualities for future engineers and leaders.

I congratulate the students, faculty members, and the editorial team for their sincere efforts in bringing out this remarkable publication. Their commitment and creativity have transformed this magazine into a repository of knowledge, inspiration, and innovation. I encourage every student to dream big, work diligently, and embrace challenges as opportunities for growth. Let this magazine inspire you to think beyond boundaries, explore new possibilities, and contribute meaningfully to society through your knowledge and actions.

My best wishes to all contributors and readers. May Thought Unlock continue to inspire, enlighten, and motivate generations of students in the years to come.

Faculty Editorial Board

Dr. Shital Yadav

Dr. Aninnya Sarkar

It gives us immense pleasure and pride to present Thought Unlock, the magazine of First Year Engineering students of GH Raisoni College of Engineering and Management, Nagpur. This publication is much more than a collection of articles and creative works; it is a reflection of the vibrant minds, innovative ideas, and diverse talents of our budding engineers.

Engineering education is not confined to textbooks, laboratories, and examinations alone. It also involves developing creativity, critical thinking, communication skills, and social awareness. Thought Unlock has been envisioned as a platform where students can freely express their thoughts, share their experiences, showcase their achievements, and explore new dimensions of knowledge. Through this magazine, we aim to encourage a culture of inquiry, innovation, and self-expression among our students.

The contributions featured in these pages highlight the enthusiasm, imagination, and determination of our first-year students as they embark on their academic journey. Every article, poem, artwork, and reflection represents a unique perspective and a step towards personal and professional growth.

I sincerely appreciate the efforts of all authorizes, students, faculty members, and the editorial team whose dedication has made this publication possible. May Thought Unlock continue to inspire young minds to dream boldly, think creatively, and contribute positively to society. I hope this magazine becomes a cherished platform for learning, collaboration, and the exchange of ideas, fostering excellence in every endeavor.

Student Editorial Board

Mr. Meet Manekar

Ms. Kritika Lahane

Mr. Aditya Bramhe

We are delighted to present the latest edition of Thought Unlock, the magazine of the First Year Engineering students of GH Raisoni College of Engineering and Management, Nagpur. This publication celebrates the innovation, dedication, creativity, and passion that thrive within our campus community.

Within these pages, readers will discover remarkable achievements, insightful perspectives, and inspiring contributions from students and faculty members. Through a rich collection of articles, essays, creative works, and personal reflections, this magazine showcases the talent, enthusiasm, and intellectual curiosity that define our institution. This edition focuses on significant themes such as innovation, technological advancement, sustainability, personal development, cultural diversity, and social responsibility. The contributions not only reflect contemporary challenges and opportunities but also encourage readers to envision a brighter and more inclusive future.

We extend our heartfelt gratitude to our dedicated team of writers, designers, photographers, faculty mentors, and editorial members whose commitment and hard work have brought this magazine to life. Their creativity and perseverance have been instrumental in making this publication a success.

To our readers, thank you for your continued encouragement and support. We hope that Thought Unlock inspires new ideas, sparks curiosity, and motivates you to explore, learn, and innovate. May this magazine serve as a source of knowledge, inspiration, and meaningful dialogue, fostering excellence within and beyond the walls of our college. Wishing you an enriching and enjoyable reading experience.

Regards,
Editorial Team

President's Message

Aneesh Chorghade
President, Radiance Forum

Radiance has always stood as a platform that celebrates creativity, expression, and the spirit of togetherness. Over time, this forum has grown into something far more meaningful it has become a family. A space where individuals are not just members, but companions who support, inspire, and uplift one another. The bonds we have built go beyond activities and events, creating a sense of belonging that truly defines Radiance.

Each member contributes to this identity, bringing in fresh ideas, unique perspectives, and a passion that keeps our community alive and thriving.

Over time, we have witnessed incredible participation and enthusiasm in our activities. From intellectual discussions to artistic showcases, every effort reflects the dedication and talent within our forum. This magazine is yet another reflection of that collective brilliance a space where thoughts find words and creativity finds a voice. As we move forward, I encourage each one of you to continue exploring, expressing, and engaging. Let us make Radiance not just a forum, but a legacy of inspiration, collaboration, and togetherness.

I would also like to extend my best wishes to the upcoming batch of juniors who will soon become a part of this forum. May you find in Radiance not just a platform to showcase your talents, but a family that supports you, inspires you, and grows with you. We look forward to welcoming your energy and ideas into our journey.

President,
Radiance Forum

Vice President's Message

Kritika Lahane
Vice President, Radiance Forum

"Great leadership isn't about being in charge; it's about growing alongside the people you serve."

Respected faculty and dear friends

When I first stepped into the role of Vice President for the Radiance Forum, I'll be honest: I was nervous. Everything felt a bit like a whirlwind new faces, big ideas, and that slight "imposter syndrome" we all feel when we step out of our comfort zones. But looking back now, I realize that the "newness" was exactly where the magic happened. This journey hasn't just been about a title; it's been about finding my footing and helping others do the same.

Working with this team has shown me that our best ideas don't come from one person, but from the messy, creative, and beautiful collision of all our different perspectives. Beyond the polished events, I've learned to love the late-night brainstorming sessions and the way we troubleshoot challenges on the fly. That's where the real bonding happens. It turned my "what ifs" into "why not." More than Just a Forum.

Radiance has become a second home. It's a place where we aren't just "first years" trying to figure out college; we are a community building something that lasts. Whether we were stressed about deadlines or celebrating a successful event, we did it together.

I want to say a huge thank you to my fellow board members and every one of you who participated. You are the heartbeat of Radiance. I'm not just grateful for the role I'm grateful for the friendships and the lessons that I'll carry long after this year ends.

Let's keep growing, learning, and shining together.

Vice President.

Options

Maybe the whole point of living was for happiness that everyone sought,
But as we grow older we get obsessed with other people's opinion and thought.

Over thinking every little decision wondering what will they think if you fail,
All these thoughts just leave you in a vicious trail.

One's life gets controlled more by other's opinions than their own free will,
Although knowing the consequences, people live their lives like the old ways still.

I wonder if I'd by any chance didn't care about all these damn people's opinions,
All this anxiety and overthinking would've been reduced by a factor of millions.

My life would then be all under my own control,
I'll be the one deciding whether to rest, run or stroll.

There would be a time when I could genuinely be happy without analysing each & every store,
Enjoying every moment to the fullest, for all those judging faces I wouldn't have to care.

I hope that the time comes soon, when I'll not get bothered by all these voices inside my head,
And I'll be fine enough to be able to sleep without spending all the night lying awake on my bed.

Where did the times go,
when we had no worries of life neither of any foe.

The little moments of happiness is all we yearn,
When there was no stress of future and money to earn.

The day's went by like racing cars,
And nights passed away gazing stars.

I miss that time when we wake up everyday just to play,
Not like now everyday is difficult just to stay.

Back then life was full of colors, red, green and blue,
when did they suddenly fade away no one knew.

The time when playing together with friends was the greatest treasure we had,
Never worrying about who's good to be with and who's bad.

Suddenly all the good times passed by,
Now living is just an excuse not to die.

All of the joy and happiness we had inside,
Just got vanished by letting our emotions to confide.

Everyday is a struggle now just to be same,
Pretending to be happy hiding our pain.

Those times are now just a memory to embrace,
I wish that remembering them just just brings out all the happiness and smiles back to our face.

‘‘बाजारातली पहिली भेट’’

खुप दिवसांनी गेली होती बाजारात
पालक, मेथी, कोथिंबीर आणायला
बाजुनी गेला एक मुलगा
काय माहिती, मी हसून लागली लाजायला

कधी न कोणाचा विचार करणारी
आज त्याचा विचार करायला लागली
कधी न जाणारी मुलगी
आता बाजाराला जायला लागली ।

बाजारात गेल्या-गेल्या बघते त्या दिशेला
जिथे पहिल्यांदा तो दिसला
तो नाही दिसल्यावर विचार आला
अरे! आताच तर होता कुठे हरवला

प्रत्येक्षात नाही पण स्वप्नात वाटलं
तो देईल गजरा आणि साडी
त्याच क्षणी आवाज आला
‘ताई’ बाजु हो तिकडुन येत आहे गाडी

मी त्याच्याकडेच पाहत होती
जेव्हा तो शेवटच्या क्षणी जात होता
का कळेना त्याच्या पिशवीतल्या कोथिंबिरीपेक्षा
त्याच्या अंगाचा सुगंध बहरत होता

मग काय : शेवटी एकच आशिर्वाद
सुखी ठेव त्याला, ज्याने बहिण म्हटलय मला ।

एक नयी शुरूवात

दिल के कोने में अभी भी तेरी यादें बसती है,
मगर तुझसे जुडी हर याद अब चुभती और जलती है।
वो पल, वो बाते सब एक धोखे का एहसास बन गये,
जो खुद को अपना कहा, वही सबसे पराया बन गये ।

तेरे झुठो ने मेरी मोहब्बत को रूसवा कर दिया,
जहाँ था सिर्फ प्यार, वहाँ भरोसा बर्बाद कर दिया ।
तेरे लिये मैं दुनियाँ से लडता रहा,
और तु ही था जो खुद मुझसे लड गया ।

अब ना तेरे इंतजार का जुनून है,
ना तेरे लौटने की कोई उम्मीद है ।
जो रिश्ते सिर्फ दर्द देते है,
उनसे रिश्तों कि जरूरत ही कोनसी बची है ।

तुटा हुँ, मगर बिखरूंगा नही,
रूका हुँ पर रूक जाउंगा नही.
तेरे बिना भी जिंदगी चलती रहेगी,
और एक दिन खुशी भी लौट कर आयेगी ।

तु था एक दौर, जो अब गुजर गया,
अब मैं खुद से ही अपना सफर नया लिखुँगा ।
तेरे नाम से शुरू हुई कहानी,
अब तेरे बीना ही अपनी दुनियाँ बसाउंगा ।

फ्रेंडशिप-डे स्पेशल

चाहे एक बनाओ, पर लाखो में एक बनाओ ।

क्या फायदा शक्कर जैसे मिठे लोगो के साथ रहने का, कभी क्या पता करेले जैसे कडवे लोग भी काम आ जाये ।

ये जिंदगी है जनाब, कभी हसके तो कभी रोके कटती है ।

जो तुम्हारे दुख में दुखी हो, जो तुम्हारे सुख में सुखी हो, जो तेरी एक और मुस्कुराहट पे मरता हो, उसके लिये कुछ भी करने को तैयार हो । वो हि है असली यार, ओह यार से याद आया The famous dialogue ‘‘तेरा यार हुँ मैं’’

ऐसा डायलॉग है जो आजकल हर कोई किसीना किसीपे लगा रहा है ।

‘‘अरे उसके पास पैसा ज्यादा है या वो अच्छा दिखता है, या हर कोई उसको पसंद करता है या फिर भाई वो बहुत फेमस है’’

ये सब सेल्फिश रिजन से की हुई फ्रेंडशीप, फ्रेंडशीप नही होती उसको कहते है so called काम चलाउ और थे मतलब निकालु एक । और हम भी कुछ कम नही है हमे सब मालुम होते हुये भी हम उसको छोड देते है जिसे असल में हमारी फिक्र है । जो हमेशा हमारे साथ है। जिसके लिए ये दिल भी जानता है की ‘‘यार ये इंसान कभी मुझे Hurt नही होने देगा ।’’ ‘‘या ये शक्स कभी मेरा बुरा नही चाहेगा’’ But कहते है ना जो होता है अच्छे के लिए होता है । When the काम चलाऊ, मतलब निकालु one leaves you na. On that time when you are broken only that person tries to take you out and उसका वो एक शब्द की ‘‘तेरे साथ हु मै, तेरे पास हू मै’’ तु क्यु उदास है वो तो लोग ही झल्ले थे जो उनको तेरी कदर नही तु कितना स्पेशल है मेरे लिये क्या तु जानता है । तुझे कभी भी जरूरत हो तो तेरे पास हु मै तेरे साथ हु मै क्यु टेंशन लेता है तेरी हर मुश्किल में तेरे हर दर्द में तेरे साथ हु मै ।

तु बस बोलकर देख तेरे हर problem का solution हूँ मै । तेरे maths के formula's हुँ मै । तेरे physics का derivation हूँ मै । तेरे chemistry के reaction हूँ मै । देख ले तेरी जिंदगी हुँ मै और मेरी जिंदगी है तू ।

दुनिया में हर रिश्ता हमारे आने से पहले हि बनता है जिसकी हमारे पास कोई चॉईस नही होती पर दोस्ती ये एक ऐसा रिश्ता है जो हम खुद चुनते है ।

कभी गुस्सा रहु तो मना लेंगे, कभी चिड जाऊ को संभाल लेना । कभी ठोकर खाऊ तो उठा लेना, तेरा भरोसा हुँ संभाल लेना ।

Travelling

Every time I travel, the aisle seat calls me. And gullibly, I choose it again.

Soon, the space feels heavy. The man from the two oldsters' story

suddenly feels innocent. Pity I feel for the wife on a call,

being cussed by her wicked husband. Across the aisle is a mother and her child, blaring into loud, looping animations.

After a long, exhausting day, PMS feels like the final joke. Everything spills at once.

I crave silence. The kind that lets the world rush without me.

Almost unwillingly, I move to the window seat. Outside, the world is rushing, yet it feels calmer.

Water flows beneath the bridge, sparkling with quiet beauty. Clouds drifting without urgency.

The horizon rests, and the sunset leaves behind gentle colours.

Somewhere between it all, my thoughts slow down.

I feel alone, but not lonely, just me and the moving world. That's when it settles in:

the window seat had been waiting for me all along!

Still Water

I think I am the river -
feeling everything too deeply, smiling outside
while carrying storm no one sees.
Sometimes I turn into hail, not because I am cruel,
but because being soft, kept breaking me first.
And when I grow tired,
I become snow -
quite, distant, pretending peace, over places that still ache inside.
Maybe I am only water after all...
Learning to leave silently,
before people notice, how much of me, I already gave away!!!

- By Saksham Mankar (ETC J)

The Healing Bird

Just a bird with a broken wing,
Bound tightly by a painful string.

In a quite night that invades my peace,
I carry a pain that nobody can ease.

Questioning my life, questioning my dreams,
After seeing my invisible wounds,I silently scream.

But after every gloomy night,

When morning rays enter my room,
It will find me like a flower in the storm,

Still choosing to bloom.

After all, I like a bird-flying in the sky is my nature;
After all the darkness I've carried, I still believe in the future.

My Blue

A thought of you make me every time Blush, And you are the one from whom I got first crush
Cars Cars all over your snaps, Food Food all over your mind
And uff after seeing all that your mirror selfies, I am glad tp call you mine
As caring as a best friend, As possessive as a gentle men
As tall as a tower, A soulful heart with tolerance Power
As sweet as a cup cake, A very Handsome man god has make
As perfect as square, A loyal guy I got which is so rare
As precious as gold, Sometimes smart and sometimes bold
When I met you the first time, Stealing my heart was your very First Crime
Naah Nothing Gives me butterflies, But when you show your jealous Side
Uff I am yours and you are all mine
Nobody Can Handle my Tantrums Like you, That's the reason made me call you My Blue
